Grow: Intentionally seek to understand and apply the Word of God to your life; for the glory of God.

This article should describe the benefit of making the Word relevant.

- Talk about what the Word is and how it should be used in practical, every day terms.
- Talk about what the walk should look like for a new believer, an experienced believer, and a seasoned believer. (i.e. milk to meat)
- Talk about why growth is significant and how God intends to use us. (instill accountability)
- Talk about the role of small groups in growing up Christians.

The Word of God comes to life when it is relevant to your situation. Sharing the details of your journey with other believers will reveal connections that you might otherwise overlook.

Use of this information in a virtual medium:

- We already have footage of the seasoned groups. It's dated but still relevant
- Groups could post photos, or video highlights of their meetings or upcoming group events on Zion's facebook.
- Meeting information would be linked via Access ACS for online registration.

Testimonies (again we want to show diversity. The challenge here is that many of the groups are heavily female populated)

Home Based Group Member 1 (Seasoned Group) the Montgomery's, the Gaynor's	Church Based Group Member 3 (Senior Adult Ministry)	Specialty Group Member 6 (One Flesh)
	Church Based Group Member 4 (Men)	Virtual Group Member 7 (Young Adult Men)
Home Based Group Member 2 (Emerging Group) Alechia Cade and Shanika McIntosh	Church Based Group Member 5 (Transitional Group #4)
